Education

Bachelor of Technology (B.Tech), Computer Science Engineering 2024–2028
ABES Engineering College, Ghaziabad

Projects

EduDiscovery GitHub | Live

Next.js, TypeScript, Prisma ORM, PostgreSQL, Tailwind CSS, Vercel

- Developed a full-stack platform enabling students to discover and explore colleges through search, filtering, sorting, and detailed profiles.
- Designed and managed a PostgreSQL database using Prisma ORM for efficient and scalable data retrieval.
- Implemented dynamic filtering, pagination, and responsive UI components.
- Deployed the application on Vercel and optimized performance across devices.

Book Recommendation System GitHub | Live

Python, FastAPI, Scikit-learn, Pandas, NumPy, RapidFuzz

- Developed a content-based recommendation engine using TF-IDF vectorization and KNN algorithms.
- Built REST APIs using FastAPI for recommendation delivery and real-time book search.
- Implemented fuzzy search and popularity-based ranking to improve recommendation quality.

JobFinderAgent GitHub

Python, CrewAI, Generative AI

- Developed an autonomous job-search assistant that extracts skills from resumes and identifies relevant opportunities.
- Implemented multi-agent workflows for job discovery, ranking, and application assistance.
- Automated resume-job matching and personalized outreach generation using Generative AI.

Technical Skills

Languages: Python, JavaScript, TypeScript, SQL

Frameworks: React.js, Next.js, FastAPI, Tailwind CSS

Databases: PostgreSQL, Prisma ORM

Tools: Git, GitHub, Postman, Vercel

AI/ML: LangChain, ChromaDB, CrewAI, RAG

Leadership & Positions of Responsibility

Lead Organizer, Hour of AI 2025 Initiative

Led a student-driven AI awareness campaign in collaboration with ABES ACM and ACM-W, coordinating teams that conducted AI learning sessions for underprivileged students in schools and orphanages.

Core Organizer, Smart ABES Hackathon (SAH) 2.0

Contributed to planning and execution of a college-level hackathon, coordinating participant engagement, communication, and event operations.

Organizer, ABES Collegiate Programming Contest (ACPC) 2K25

Assisted in organizing a large-scale programming competition and coordinated participant communication and event logistics.

Achievements

- Secured **2nd Runner-Up** position in the Entrepreneurship & Agentic AI Hackathon at ABES Engineering College.
